

The crystal city will replenish the earth into a garden of Eden, and all creatures will become tame and aware of the Almighty. Flesh will live 10 times longer, and healthier. Once the two universes become symbiotic all things will become new and eternal and we will become part of them, forever.

It will be Paradise on earth. For the next 1000 years the crystal city will hover over our planet as we the new super gods will set up a world of peace and happiness. I know it sounds like a fantasy, but it is all facts and scriptures of the bible. Log on to my web site for the bible book called Daniel, to understand. It was all written 500 years before Christ. Also after Jesus was raised the book of revelations was written confirming the truth of His return. Don't let the false teachers delude you into imagining a rapture before the city appears. "For ever eye shall see him" and his city. It will be a glorious re-entry into our matter world..... What to do?.....

Survival tips

You must become debt free and have enough self sufficiency to last two years. How? Not by the church system, but by communal living this is the only answer, as the early church did 2000 years ago. A company title where equality rules. With no single leadership. Equal shares, a vote system. There is power in unity, obey this simple guide line and you may survive to see the Kingdom enter our solar system. Those that follow the false teachers will end up facing the New World Order in prisons camps, that will lead to despair. The time is NOW to set up, when the money crashes it will be too difficult to set up a refuge farm. You are living in the most exciting time of His story.

Obey (Acts 2:44,45) and you will have one maybe two years advantage. Simple, then your faith should be strong enough to make it. I have basic survival techniques on my web site: <http://www.zflash7.com> And enjoy yourself it is later than you think.

And for those who receive the mark of the beast. After 1260 days of VeriChip rule, and when the city appears (like a scroll, the mirror universe will roll apart). Then find a cave to hid in for 45 days, and have a medic kit available and remove the VeriChip implant. Then wait for the new earth. You will then have 1000 years on the new earth, to enjoy. If you survive the 45 day wrath of God .

ZFLASH7

The crystal city (heaven) will enter our solar system. Described in Revelations 21 & 22. Jesus owns it and this Earth and He also owns the new super bodies we possess with our spirits or anti-matter bodies. The rapture will be a mass teleporting of our spirits into our new bodies. Q. When will this occur? A. After the great tribulation, at the 7th trumpet. When is that? Soon. 😊 VeriChip implanting is set for 2017. maybe sooner! There is no secret rapture, as described by the false church. The bride of Christ, individually will be faced with a choice soon. During the new system. To accept the new credit system or not.

What sort of system will it be like?

Many desperate people will resort to crime, “he who lives by the sword shall die by the sword”. Will patience save you? The good people who received the VeriChip credit system, will grow tired of the rebellion, and demand harsher penalties. Execution will be re-instated. Very few at first, then it will grow. Camps will be overflowing with rebels. Just like with the Jews in Germany, the Christians will be despised.

Meanwhile around the globe unusual catastrophes will be frequent, and the new world leader and the Alumni (the illuminated, educated) who set him up, will be fighting global wars against some rebellious nations.

After the first war that He wins, he gets lifted up in pride and takes Jerusalem as his seat of government, and sets up the super computer in the newly built temple.

The second war he loses and retreats licking his wounds, and then his heart is turned against all previous treaties (voluntary VeriChip implanting and religious worship) and he claims himself as the world dictator, or god.

Meanwhile it has been three years or so since the VeriChip became the new credit system. The rebels trading outside the system have become the despised, even the ones that do no wrong. When the global man of peace declares himself dictator, he also demand anyone not in the credit system must be put in camps, or else be hunted down and executed and then quantum powers become common.

This breaking of the treaty of ‘voluntary VeriChip implanting and religious worship’, begins the time known as the “Great tribulation”. There is no secret rapture or open rapture. There is only a countdown of 1260 days till our mother ship, the crystal city, hovers over our Earth, it materialising out of the mirror universe or spirit world.

This space city defies all imagination, its sheer size is awesome, the size of the moon. It is a pyramid shape, the length breadth and height are equal. No, its not a Borg cube. Its shape is a mountain, a bride, and Lucifer copied it 3,500 years ago to fool the Egyptian kings.

Once it appears, the Earth will fear exceedingly. Jesus the owner of it begins the mass teleporting of our anti-matter selves into our new bodies, then we His bride become one, in a fabulous feast that lasts 45 days.

While the inhabitants of the Earth have seven vials of wrath poured out upon them, some of the rebels will still be on the earth fighting the world leader, these rebels were not Christian but refused to be branded like cattle in his system.

Then the last war begins as the world leader marches on the last remaining rebel strong holds, his army is vastly superior, and the attention on the crystal city is diverted by this unbalanced war, at Armageddon, Israel

Then as they begin to engage, the city radiates and billions of beings pour out of the city, sweeping the earth and ending up at this battle. To destroy the world leaders army.

A new world begins.
